

# ComfortHush™

## The Ultimate in Comfort

ComfortHush™ combines the benefits of a high performing low-e coating with the a specialized acoustic interlayer, creating a product designed from start to finish with your satisfaction in mind. Not only does ComfortHush™ provide you greater thermal control, but the drastically improved acoustic properties mean you can enjoy your window space with some peace and quiet.

ComfortHush™ comes as a laminated product, making it an A-Grade safety glass already without the need for further toughening. We can cut process and provide edgework on ComfortHush™ much the same as the rest of our glass range.

*ComfortHush™ is a trademark of Oceania Glass.*
